

Cleaning Solutions

Pro 100 Ultrasonic Soap

Heavy-duty degreaser designed for ultrasonic cleaning. Safe on all metals, polymers, and cerakote coatings. This water-soluble, biodegradable, concentrated detergent prevents flash rust.

Brass Case Cleaner

Powerful, long-lasting brass case cleaning concentrate. Quickly cleans brass inside & out, removing powder residue, dirt, oil and oxidation. Effectively cleans primer pockets and necks.

Firearm Lubricant & Preservative

Long-lasting lubrication & protection for firearms, knives, tools and more. Fast and easy lubrication of gun bores, barrels, actions and contact surfaces. Soaks into metal and does not gum up.

Gun Cleaning Made Simple with Ultrasonics

★ Pristine Clean ★ Fast and Efficient ★ Environmentally Friendly

Baskets

Specialty baskets are available, including coated, solid pan, self-draining mesh, and smaller mesh for triggers and other parts.

Mobile Workstations

Workstations are available to fit each PGC unit.

Filtration

Stand alone filtration unit available for all PGC machines.

Maximizes performance and extends the life of the solution.

Larger Units

Larger units available at proultrasonics.com

Industrial ultrasonics with options for every cleaning application.

Pro Gun Cleaning (PGC) Models

PGC 1206

U/S Power: 180W/90W
Heat Power: 200W
Tank Capacity: 1.2 gal.
Power Supply: 120VAC
Tank Size: 12" x 6" x 4"

PGC 1212

U/S Power: 360W/180W
Heat Power: 300W
Tank Capacity: 4 gal.
Power Supply: 120VAC
Tank Size: 13" x 12" x 6"

PGC 2012

U/S Power: 600 W / 300 W
Heat Power: 500W
Tank Capacity: 8 gallons
Power Supply: 120VAC
Tank Size: 20" x 12" x 8"

PGC 3608

U/S Power: 500 W full / 250 W gentle
Heat Power: 500W
Tank Capacity: 8 gallons
Power Supply: 120VAC, 15 amp
Tank Size: 36" L x 8" W x 6" D
Longest Part: 34"

PGC 3608T2

U/S Power: 600 W full / 300 W gentle
Heat Power: 500W
Tank Capacity (2): 8 gal. ea.
Power Supply: 220VAC, 15 amp
Tank Size (2): 36" L x 8" W x 6" D ea.
Longest Part: 34"

PGC 2012T3

U/S Power: 600 W full / 300 W gentle
Heat Power: 500W
Power Supply: 120VAC
Tank Size: 20" L x 12" W x 8" D
Compartments (3): 6.5" W x 12" L x 8" D
Tank Capacity: 8 gallons overall,
2.5 gallons per compartment

PGC 2012T2

U/S Power: 600 W full / 300 W gentle
Heat Power: 500W
Power Supply: 120VAC
Tank Size: 20" L x 12" W x 8" D
Compartments (2): 20" W x 6" L x 8" D
Tank Capacity: 8 gallons overall,
4 gallons per compartment

PGC 4808

U/S Power: 900 W full / 450 W gentle
Heat Power: 1500W
Tank Capacity: 10 gallons
Power Supply: 220VAC, 15 amp
Tank Size: 48" L x 8" W x 6" D
Longest Part: 46"

PGC 4808T2

U/S Power: 900 W full / 450 W gentle
Heat Power: 1500W
Tank Capacity (2): 10 gallons ea.
Power Supply: 220VAC, 30 amp
Tank Size (2): 48" L x 8" W x 6" D ea.
Longest Part: 46"
